

AGENDA

- 7:45 – 8:30** **Registration and Continental Breakfast**
- 8:30 – 8:45** **Opening**
Don Podlubny, General Manager, Foothills Model Forest
- 8:45 – 9:00** **Introduction**
Cliff Henderson, Assistant Deputy Minister, Forest Protection Division,
Alberta Sustainable Resource Development
- 9:00 – 9:30** **Precedent fire behavior characteristics of the Chisholm fire**
Dennis Quintilio, Program Lead, Post-Fire Research Program
- 9:30 – 10:00** **Putting the pieces together: Linking disturbances and riparian
dynamics in the DogRib fire**
David Andison, Program Lead, Foothills Model Forest Natural Disturbance
Program, Bandaloop-Landscape Ecosystem Services
- 10:00 – 10:30** **Managing disturbance in riparian areas**
Rich McCleary, Program Lead, Fish and Watershed Program Foothills
Model Forest
- 10:30 – 10:45** **BREAK**
- 10:45 – 11:15** **Affects of salvage logging on elk habitat during the first three
years post-fire: A case study of the DogRib fire in the east
slopes of Alberta**
Mark Hebblewhite, PhD Student, Department of Biological Sciences,
University of Alberta
- 11:15 – 11:45** **Wildfire risk reduction in communities affected by the 2003
Lost Creek fire**
Tara McGee, Associate Professor, Faculty of Science, University of Alberta
- 11:45 – 12:15** **Fire regimes of the C5 forest management unit**
Marie-Pierre Rogeau, Fire Research Scientist
- 12:15 – 1:00** **LUNCH**

Agenda Continued

- 1:00 – 1:30** **Saproxyllic beetles and the cumulative ecological effects of wildfire and forest harvesting**
Tyler Cobb, PhD, Department of Biological Sciences, University of Alberta
- 1:30 – 2:00** **Boreal moss communities: succession and implications for establishment after fire in Alberta's spruce-dominated forests**
Michael Simpson, PhD Candidate, Department of Biological Sciences, University of Alberta
- 2:00 – 2:30** **Soil nutrient and organic matter responses to fire, harvesting and salvage logging in the Chisholm fire**
Leonie Nadeau, Research Scientist, Northern Forestry Centre, Canadian Forest Service
- 2:30 – 3:00** **Involving the public in community protection planning**
Alan Westhaver, Park Warden and Vegetation Specialist, Jasper National Park
- 3:00 – 3:30** **Updates on the Prometheus fire spread model**
Kurt Frederick, Wildfire Behavior Office, Alberta Sustainable Resource Development
- 3:30 – 3:45** **Closing Remarks**
