Aboriginal Involvement Program

June 20, 2007
Aboriginal Involvement Program

-Three inter-related sub program areas-

Aboriginal Involvement Program

What We’ve Accomplished:

-Multi-community Traditional Cultural Study-

1) Documented and storing +1468 quality control checked cultural sites
2) 5 communities’ sites in one central, protected database
3) Train and support community technicians
4) Other communities interested
Aboriginal Involvement Program

What We’ve Accomplished:

-Referral Process + Supporting Site Visitations-

1) Protected 90 cultural sites from potential disturbance

2) 8 pilot referral runs by 4 companies (Shell, Suncor, West Fraser, Coal Valley Resources)

3) 1 pilot run for Alberta Tourism, Parks, Recreation, and Culture via Community

4) Savings to companies of $10-30k per day of planning time by using process
Aboriginal Involvement Program

What We’ve Accomplished:

1) Incubating the first operational ‘Alternative Regional Consultation Support Model’ in the nation

2) Coordination table for access and communication with communities for land use issues

3) No major political blow ups or blockades
Aboriginal Involvement Program

How:

1) **Relationships:**
   Leveraging Community – Industry – Government partnerships

2) **Information:**
   Relying on data and technology rather than strictly politics and policy

3) **Respect:**
   Utilize the data we have via relationships
Aboriginal Involvement Program

Recognizing the Context:

1) Social Environment
2) Political Environment
3) Legal Environment
4) Business Environment

The FMF Advantage

• Coordinated
• Co-operation
• One window information
• Decreases uncertainty
• Deals with over-lapping issues confidentially
• Excellence in research and data management
Future Directions

• Complete community TCS’s
• Continue referral process pilots
• Continue training communities
• Fully automate for confidential on-line access
Future Directions

- Enhance community management functions
- Transferring process to other regions
- Working examples of TEK and Sustainable Resource Management
